On October 4th, the Seniors assembled to elect the Gold Bug Staff. A few days later, the Chosen Few who met to discuss plans were enthusiastic, though rather skeptical as to their own ability. As a result of this meeting, the associate editors hurried to the library in search of charming and clever epithets to be appended to each individual's picture. The statistics editor made personal calls on several members of the class who were rather slow about sending in information regarding their past, present, and future. The athletics editor daily besieged Mr. Williams's office for schedules and results of various games. The business manager, with great difficulty, contrived to wring from a few conscientious classmates the preliminary payment of two dollars. The advertising manager scoured the town for decorative material for the last pages of the Gold Bug.

We finally succeeded in rounding up the Faculty on the front steps of the school, so that Mr. Barnes could take their picture. Then, with the aid of Bertha LaPlante, to whom we owe much, the pages were typewritten.

Just before the first of May, the date on which the manuscript was to be sent to the printer, confusion reigned. The editor-in-chief lost three pounds in one week. Others threatened to resign from office. Finally, however, the many parts were assembled, and the Gold Bug was despatched to the printer.

History

Freshman Officers: *President*, William Atkinson; *Vice-President*, John Brooks; *Secretary-Treasurer*, Sylvia Blair.

In the fall of 1919, when the gentle but insistent school bell recalled us from our various vacations, we gathered,—a heterogeneous group labeled the Freshman class,—the largest that had ever entered Amherst High School. To us, who were as timid as any of our predecessors, the building was a formidable labyrinth of mysterious passageways, leading always to the wrong room. Confusion! Multiplication and Derision! Not a single friendly hand showed us the right way. After we had been sufficiently initiated into the mysteries of high school life, we elected our officers with much discussion and difficulty. Next came the all-important matter of choosing the class pin. This was accomplished with great success, and we felt ourselves well-established members of the order of High School Students.

The Sophomores, being unable to duck our president, were much chagrined, but we waxed joyful. "Here is a class that will do great things. Watch us," we said to ourselves.

We contributed to the noble but expiring "Graphic", attended some of the dances, and walked the corridors like regular veterans; but inside we were a wee bit afraid of the learned teachers and the wise upperclassmen. Then vacation came, and we were glad to get away and enjoy ourselves without sophomore supervision.

Sophomore Officers: *President*, Don Marshall; *Vice President*, Eldridge Burnett; *Secretary-Treasurer*, Sylvia Blair.

Sophomores! How much older and more experienced we were than those little Freshmen of a year ago! We began to be represented in athletics and we developed more lung power at the games. When the Prize Speaking Contest came along, half of the competitors were of our number, and Rachel Baker and Hyman Novick came out victorious. Then the Sophomore girls won the gym contest, which caused more rejoicing. Oh, yes, we were coming along in the world, especially

Amherst High School

after we bossed those pesky Freshmen who seemed so ignorant and wicked at the beginning of the year.

Feeling a need of entertainment and enjoyment, our class decided one bright day to visit Aldrich Lake; so on June 4, 1921, we held a spree, called the "Sophomore Picnic." Teachers were invited, pictures were snapped, food was eaten, and canoes were paddled, to the infinite enjoyment of all concerned.

Junior Officers: *President*, Don Marshall; *Vice-President*, Thomas Campion, *Secretary-Treasurer*, Sylvia Blair.

Juniors! My, how old we were getting! In assembly we tried to look wise and set a good example to the lowerclassmen. In huge numbers we attended the various sports and yelled like wild Indians; we subscribed to the rejuvenated "Graphic," joined the Athletic Association, and played on all the teams. Our girls again carried off the honors in the annual gym contest.

Then came the "Junior Play." That magic phrase sent many of us scurrying after things to memorize for tryouts; and then we waited in agony until the cast was picked. We decided to give "Milestones" by Arnold Bennett. People told us that we put on a good play and did it well. We had great fun and incidentally earned enough money to give the Seniors a fine reception.

Senior Officers: *President*, Don Marshall; *Vice-President*, Alexander Mackimmie; *Secretary-Treasurer*, Sylvia Blair.

Presumably having worked during the last three years and having attained enough knowledge to entitle us to be Seniors, we entered into that proud estate.

We have gained knowledge from books and experience. Among other things we have learned through happy contact that teachers as well as other mortals, in spite of all their learning, have souls,—a thing of which we were profoundly ignorant when we started High School.

Under us "The Graphic" has prospered and athletics have improved. The Girls' Club has expanded and under the direction of Mr. Vinten a Glee Club has been started. The Dramatics Club, another new addition, has been organized, and now has its own scenery and costumes.

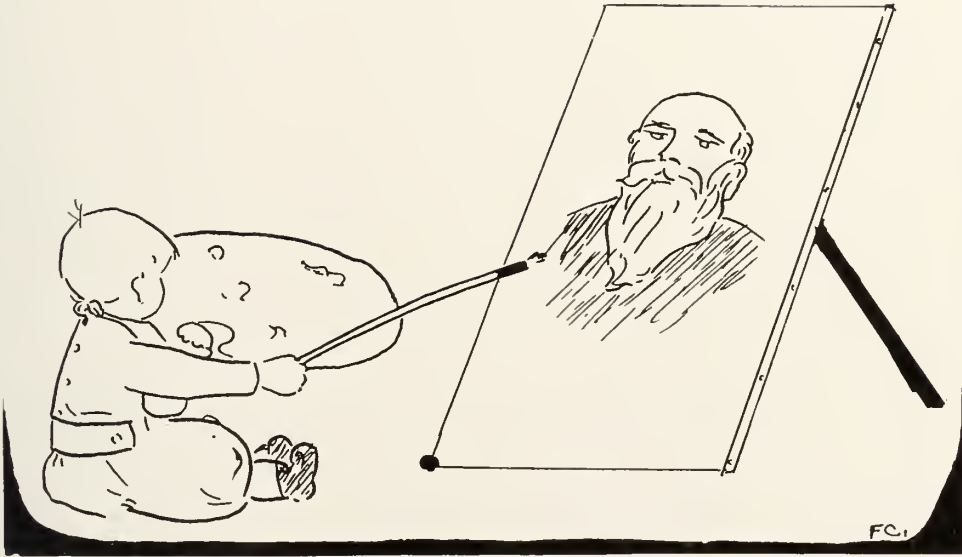

Ruth Houghton and Hyman Novick were the victors in the Prize Speaking Contest, and for the third time the girls won the gym exhibition.

Within the beloved walls of old Amherst High we have gained many bits of information and made most pleasant friendships, and thus equipped, we are now prepared to venture forth looking for new worlds to conquer.

Dorothy Bates Gettell.

Prophecy

I placed my eager hands over the murky globe and gazed searchingly into its depths. A swirling mass of clouds seemed to rise, leaving a faint streak of light. As the mists vanished, the light grew clear, and revealed to me the fates of the glorious class of '23.

Olive Owen and Edith Gahan are the motherly matrons of a missionary school in China. Olive is instructor in "Pinnick's Course in Physical Education," while Edith is on the verge of a nervous breakdown, trying to learn enough Chinese to be able to teach her young charges *her* "Paris French."

Tom Champion, wearied of the peaceful life of the East, long ago made his way to the "Wild West" where he sought LIFE. He is now leading a campaign against the use of profanity among cowboys.

Ruth Houghton is astonishing the literary world with her famous love stories, which have the reputation of being the most sensational of all those printed in the world-famous magazine "True Love Stories." (Are these *personal* experiences, Ruth?)

On the signboards of the Metropolitan Opera House in Amherst is announced a concert by the noted violinist, Herr Don, whose celebrated accompanist is his wife, formerly Miss Clarice Luther.

Dorothy Millington is now the head of a Modern Jazz Dancing School in the Fiji Islands. Attending one of her dancing classes takes one back to A. H. S. in '23—the only difference being in the costumes.

The Gold Bug

Henry Baker has suddenly sprung into prominence and is surprising his huge London, Paris, and Enfield audiences with his rippling, silver-toned oratory. At present he is concluding a series of lectures on "Advice to Spinsters."

Ruth Fairman is now the head of the Latin Department at Smith College. For several years she has been able to speak as fluently in Latin as in English.

Clara Cook and Laura Fish are running a lunch room in Conway. As a cook Clara can't be beaten. Laura's line of business is self evident.

Eddie Deuel and Hick have gone into partnership and are now hunting "jewels" in the South Sea Isles. They are seen quite often in Dot's Dancing School.

Philip Baker has become Broadway's newest dancing master. His original steps have attracted Frances Dickinson, who is his most promising pupil. (You can't live on promises, Phil!)

David Duncan, lured to the Great White Way soon after his departure from school, has become the hero of the "movie" world. He is now playing opposite Nazimova.

Doris Wales owns a huge plantation in southern Louisiana, which is known throughout America for its vast cultivation of Sugar Cane.

Charles Fitts is the owner of a ten-floor department store in Pelham. His customers are delighted with the fine merchandise which ranges from dish-pans to Paris creations.

Doris Pierce has met with great sorrow in the death of her pet Pomeranian, but it is hoped that she will be able to Barrett.

Katherine White is head clerk of the candy department of Fitts's Department Store. Mr. Fitts wonders which is the sweeter, the candy or Katherine.

Tony Skorupski, world-famous beauty specialist, has won fame and fortune through the medium of his wondrous Beauty Chorus in that glorious riot of girls and whirls, the "Passing Show of 1938."

Mlle. Bertha La Plante is captivating the smart set of Paris, Monte Carlo, and New York with her marvelous coiffures and her "Aides de Beautee."

Eldridge Burnett has lately invented a new type of automobile which boasts a couch similar to those of ancient Rome, from which one may control the car without effort. (Did you get your inspiration from Cicero and Virgil, Unk?)

Katherine Smith, widow of the late C. Van Forrest Fitzgerald, millionaire, and one of New York's Four Hundred, finds herself sought by the youthful suitors of Fifth Avenue, where she is now residing in luxury.

Francis, has now become Professor Crowley, teacher of chemistry, in the Shutesbury College of Science, recently erected in that city in memory of Mr. Tower of A. H. S.

Frances Drury has opened a home on the banks of the Connecticut in Hadley, where she cares for homeless, orphaned, and veteraned "chickens."

John Kuzmeski, has become the "Gallant" of the theatre world. Each evening finds him at a different stage door awaiting one of the beautiful "footlight queens."

Mary Knightly graces the front row of Tony's beauty chorus in the "Passing Show of 1938." Mary's marvelous toe dancing is the feature of the show.

Amherst High School

Alex Mackimmie has become the heavy-weight champion of the world. In his latest bout, Sam's superiority was proven when he knocked out Dempsey in ten seconds.

Mary Honnay has opened a hospital in memory of those whose hearts she has broken. Mary's sweet smile and gentle touch are the best medicines for convalescent patients.

Bill Flebut last year succeeded "Babe" Ruth on the diamond. "Babe" resigned to give place to his superior.

Sylvia is spending her time collecting rich ornaments and gems to place in her Egyptian tomb. She plans that after centuries the richness of her tomb will rival that of the great King Tut-ankh-amen.

Clara and Eloise Hubbard have astonished the motor world with their marvelous invention, Hubbard's Pushless Baby-Carriage, which runs by means of an electric switch.

Leonard Kelley is in Honnay's Memorial Hospital suffering from an overdose of iron. Hazel, (nee Holden) his gentle spouse, was a good shot. (O, for the peaceful Hazel of '23!)

Olive Hartwell and Hyman Novick have combined their oratorical talent with their knowledge of soda-fountains and drug-stores, which they received while in A. H. S. Hyman is salesman for a patent hair shampoo for Adams' Drug Store. Olive is demonstrating its use in all the principal cities of the state.

Two years ago Frank Whipple and Kingsley Lannon disappeared in the wilds of South Africa while on a hunting expedition. Allen Houghton and Doris Ottinger with a large party of followers have been searching for them; but last week Allen and his company, while crossing the Sahara, met a sad fate at the hands of a desert tribe.

Dot Gettell has startled the world with her recent discovery of a huge island, in the Arctic Ocean, which is inhabited by a tribe similar to our North American Indians. Six of these people, whom she has sent to America are now living in the marshlands of Cushman and North Amherst, where they have a market for their fresh-water clams.

Mildred Holt is a model for displaying to society the new designs and garments of Milton Warner.

Pat Petroski may still be seen riding about the streets of Amherst in his "car" but now the one other seat is always occupied by Emma Davis.

Margaret Thayer is about to sail to the island in the Arctic where she will aid Dot in educating the inhabitants in the ways of the civilized world.

Eli, after being three times disappointed in love, is seeking solace in a lonely cabin among the hills of Pelham. At night may be heard, clear and sweet, the heart-rending strains of his violin, which is now his only comfort.

All the spectators were inclined to laugh when Dot Hamilton appeared on the race track last summer with her Lizzie. However, Dot came in first and now holds the world's record.

The Gold Bug

Eleanor Rowell has become one of those stern and prim ladies who, by setting proper examples themselves, are trying to lead the younger generation in ways of Temperance and Modesty.

Frances Thompson, artist and sculptor, has opened a fashionable studio in Paris. Her fame was won by the painting of her model, Ruth Holden. Ruth's sweet face and beautiful tresses so won the hearts of France that the picture now holds a place of prominence in the Louvre.

William Hyde has gained prominence in literature by his publication of the noted book of science, "Why Birds Have Feathers."

Anna Canavan is consulting the heads of the Hubbard Motor Co., as to the advisability of manufacturing her latest invention, by means of which children who are in the habit of being late for school can reach their destination in less than half the time ordinarily needed.

Alice Miller is the illustrious instructor of the Tuskegee Chorus. Their last appearance in Amherst, under her capable direction, was in 1936 when they sang in the Metropolitan Opera House.

Mrs. Ruth Hardendorff is a social worker in the slums of Plainville. Ruth is loved there no less than in her own home where she is the mother of a happy family.

Francis Lehane has recently been elected editor of the "New York Tribune." His first issue greatly attracted the public by its captivating announcement of the opening on Broadway of a new Chinese laundry under the capable Rollin Truesdell.

Reports have reached Amherst of a marvelous discovery lately made by Tom Dorsey. During his recent excavations in Pompeii, a mummy was found with such striking resemblance to Tom that investigations were made. Tom now finds himself a descendant of the ancient Pompeian royalty.

As this last picture vanished, I looked again to see if my own future might be portrayed with those of my classmates; but, as I gazed, the light faded, and in a moment I could see no more.

"Heu vatum ignarae mentes!"

Class Will

We, the Class of 1923, being of sound mind, and conscious of approaching dissolution, do make this to be our last will and testament in manner and form following:

To the Faculty we will:

Item: Our most profuse thanks for the many hours of labor expended upon us.

To Mr. Brown we will:

Item: Another Senior Class to advise in manner paternal and another Student Council to organize.

To Mrs. Gettell we will:

Item: Our sincere gratitude and appreciation for the great help and inspiration she has given us during our four years in Amherst High School.

To Miss Nickerson we will:

Item: A box of eraser with which to remove the cribbing in our "Virgils."

To Miss Churchill we will:

Item: Our fond hopes that in the future she may meet with greater interest and eagerness in the organization of her programs for assembly.

To Miss Pinnick we will:

Item: Pat's Perpetual Pain Preventer, in order that she may not suffer too deeply at the sight of the new Seniors' silk stockings.

To Mr. Williams we will:

Item: New physical material that he may develop it to fill the emptiness made by the absence of 1923's Herculean heroes.

To the Class of 1924 we will:

Item: The Ghost of Order in our honored sanctum, Room Nine, with the request that said class in no way attempt to prevent Miss Henry from "picking up" the floor in said room and carrying it wheresoever she pleases.

To the Class of 1925 we will:

Item: The privilege of becoming upperclassmen and the hope that they will fully appreciate the dignity of Juniorship.

To the Class of 1926 we will:

Item: A new freshman class to look after and to keep in order; with the admonition that they treat them not too roughly.

To the Class of 1927 we will:

Item: Our class colors: and a challenge to keep them flying gloriously.

To the Dramatics Club we will:

Item: For Costumes: All stray articles of clothing found in the Gym locker room, and in Miss Glazier's trinket drawer.

To the Glee Club we will:

Item: Inspiration for composition of seductive strains of melodious music.

The Gold Bug

To the Girls' Club we will:

Item: Our best wishes for the final fulfillment of their long deferred over-night hike.

To the Graphic Staff we will:

Item: All discarded themes in the hands of the Faculty, which may be transformed into fascinating pages of literature, poetically describing the size of Hamlet's shoes, and the price and "atmosphere" of eggs during the Elizabethan Age.

To Helen Powers we will:

Item: Katherine Smith's seat in French class (Room 5) that she may daily record for her fellow sufferers those Phi Gamms and Dekes who pass on their hungry wanderings at noon.

To Peg Sullivan we will:

Item: A little of Olive Owen's dignity to calm her vivacious spirit.

To Michael Valente we will:

Item: David Duncan's nose glasses, that he may attain dignity in the eyes of the Faculty.

To Helen Brown (the bashful President of '24) we will:

Item: Dot Millington's "Quips and cranks and wanton wiles,
Nods and becks and wreathed smiles."

To Grace Weiler we will:

Item: A pier-glass to answer her daily question regarding her appearance.

To "Simp" we will:

Item: One more year in this "dungeon of eternal torture."

To Harris Dickinson we will:

Item: David Duncan's taste in neckties that he may attract attention.

To Richard Cummings we will:

Item: A portion of Sam Mackimmie's wind that he may make a noise in the world.

To "Tank" Strong we will:

Item: A pair of dancing pumps with which to "trip the light fantastic."

To Ken Reed we will:

Item: The bag in Tom Campion's trousers that his own may achieve the right length.

To Ethel Harlowe we will:

Item: Sylvia's extra inches that she may feel on a level with the rest of mankind.

In Witness whereof we hereunto affix our seal and signature on this the nineteenth day of June in the year of our Lord, one thousand nine hundred and twenty-three.

The Junior Play

Work on "Milestones," a three-act play by Bennett and Knoblauch, given by the class as their Junior Play was begun on January third. Many were striving for dramatic success. The play progressed slowly but steadily with Mr. Richards, of Amherst College as coach, who will always be particularly remembered by the cast because of his patience. Mrs. Gettell was "behind the scenes" in every way and improved many of the parts by individual coaching.

May fourth was announced as the date for the play. Amherst homes were searched for "ye old-fashioned gowns." The girls discussed everything from the hoops of 1860, and the bustles of 1885, to the modern "glad rags" of 1920. The boys contented themselves with practicing the art of adjusting frock coats and dress suits. At the dress rehearsal everyone succeeded in stumbling over the threshold which the stage manager, Don Marshall, had carefully constructed to stand at least three inches from the floor. The final day arrived and with it RAIN! Allen Houghton as John Rhead, a progressive young man of 1860, the strong-willed father of 1885, and later the selfish grandfather of 1912, won much praise. His wife, Rose, played by Sylvia Blair, was his faithful follower until their golden wedding anniversary, when she attempted revolt. Rachel Baker, as Gertrude Rhead, stood out as a very independent maiden aunt who was a sympathetic friend of her niece Emily Rhead, (this part being played very cleverly by Dorothy Gettell). Humor and interest were increased by the domestic troubles of Samuel Sibley, played by Hyman Novick and his wife Nancy, Margaret Thayer. Thomas Campion as Ned Pym, an English gentleman, was very amusing because of his nerves and social difficulties. In the final scene of the play Frances Thompson as Muriel Pym overruled her grandfather's desires by marrying the man of her choice, Richard Sibley, played by Philip Baker. To the surprise of everyone Muriel Pym's mother, Emily Rhead, announced that Arthur Preece, Alexander Mackimmie, was to be her second husband. The part of Lord Monkhurst, a typical modern gentleman who was greatly bored by domestic wrangles, suited Francis Crowley very well. Eli Ginsburg and Matthew Blaisdell as butlers, and Charles Fitts as the footman completed the cast.

With the fall of the curtain, the cast, coach, and all those interested in the play felt that their efforts had been successful. Besides financial gain the Juniors had learned the value of co-operation. As Seniors, we wish to thank all those who helped to make the play a success.

Dramatics Club

Early in the school year the Dramatics Club was formed under the able leadership of Mrs. Gettell, its object being to develop interest in public speaking, and to contribute to the entertainment of the school. It was organized with the following officers:

President, Frances Thompson
Secretary, Dorothy Gettell
Treasurer, Grace Weiler
Stage Manager, Asbury Dunn
Property Manager, Alexander Mackimmie
Costume Manager, Laura Fish

Program Committee

Margaret Sullivan

Margaret Thayer

Andrew Peters

Board of Coaches

Jane Patterson

Dorothy Millington

Anna Canavan

Ruth Graham

Maud Marshall

It was planned to hold meetings on the first and third Fridays of the month, with programs in which members would participate, and to present at least one play in assembly each semester.

Under the auspices of the Club a masquerade was held in the Auditorium on November 2, 1922.

The Club deeply appreciates the work of Mrs. Gettell and the other teachers who have helped to execute the following successful programs:

"The Courtin' ", by Lowell.

Sea-Going Program.

"Three Pills in a Bottle."

Tableaux from "The Ancient Mariner."

Scenes from "Silas Marner" and "Treasure Island."

"Rich Citizens," a Lincoln Memorial.

"No Smoking," by Benavente.

"Three Pills in a Bottle" and "The Courtin' " were repeated before the Parent-Teacher's Association.

Those who have taken part in the plays have shown considerable dramatic ability; and the fact that a large number of the actors were underclassmen promises well for the future of the Club.

The Gold Bug

Glee Club

The Glee Club was reorganized in September, 1922, with Mr. Vinten as coach. A committee was chosen to draft a constitution and the following officers were elected:

Leader, Frances Thompson
Secretary, Clara Cook
Treasurer, Doris Wales
Librarian, Bertha La Plante
Pianist, Olive Hartwell

The club has held weekly rehearsals in the Assembly Hall and has appeared in public four times. By invitation, the club gave two selections at the Woman's Club on February fifteenth. A joint concert with the orchestra was presented on March seventeenth, in the High School assembly hall. On Easter Sunday, April first, the club sang two selections at the Jones Library.

The Club wishes to express its appreciation for the valuable help which Mr. Vinten has so kindly extended to us, making the club a success.

The Orchestra

Under the skillful guidance of Miss Blanche Samuels, the Amherst High School Orchestra this year won for itself a lasting reputation for the excellent quality of its playing.

The Orchestra has performed at five public affairs besides providing diversion at special assemblies, and in each case has been entirely successful. A violin trio was organized, consisting of Margaret Thayer, Don Marshall and Eli Ginsburg, which has also been the source of much pleasure.

This body is now a permanent asset to the school, an organization with school and town behind it; and we may take pride in the fact that a very large part of it this past year consisted of Seniors.

The Gold Bug

The Graphic

Our modest publication, "The Graphic," has completely recovered from the stumbling gait of its early existence, and is now progressing steadily under its own power.

This past year, five numbers appeared promptly at the promised time, the New Year and Easter issues being larger than any former publication at A. H. S. If possible, this increased size will be made permanent. A Christmas Story Contest stimulated interest in the paper.

Three important improvements have been made. The duties of each member of the staff have been fixed more definitely, which will simplify the editing and publishing of the paper. The office of bookkeeper was created, thereby centering in one person the handling of all money. A set of nine clever cuts which appeared first in the October issue, add zest to the pages.

Thus, although the old board fully realizes that "The Graphic" is as yet far from the acme of perfection, its members feel that through changes and additions they have given the paper a good push and have greatly increased its stability.

The Girls' Club

The Girls' Club enthusiastically began its successful year by electing the following officers:

President, Sylvia Blair
Vice-President, Maud Marshall
Treasurer, Florence Sears
Secretary, Grace Hardendorff

A social committee consisting of two girls from each class was chosen to make the program of the year.

The first event was a reception to the Faculty, at which dancing and many games were enjoyed.

On September 15, we hiked to Bertha La Plante's house on South East Street, where we held a corn roast.

The Amherst College swimming tank was secured during the Christmas holidays. Not only the girls, but also many of the mothers appeared to witness the excitement.

Of course the most important feature planned was the annual dance which was anticipated for months in advance. Nearly all the girls attended with escorts, and the affair was pronounced "perfect." Patrons and patronesses were Mr. and Mrs. Brown, Mrs. Gettell, Mrs. Blair, and Mrs. Davenport. Excellent music was furnished by Woodworth's orchestra.

Prize Speaking

The third annual Prize Speaking Contest for the Millet Cup was held in the High School Auditorium on Monday, March 19, 1923.

The program was as follows:

The Legend Beautiful Henry Wadsworth Longfellow
Elizabeth Kent Sears

The Gift of the Magi O. Henry
Ruth Priscilla Houghton

Nydia's Sacrifice Bulwer Lytton
Helen Jeanette Labrovitz

Plea for the Accused from "Madame X" Alexander Bisson
Hyman Novick

The Ruggles Family Goes to the Party Kate Douglas Wiggin
Helen Rita Joy

A Chippewa Legend James Russell Lowell
Olive Thayer Hartwell

His Answer Frank Prentice Rand
Thomas Joseph Campion

The Judges were: Mr. Edward A. Richards, Amherst College; Mrs. Frederick S. Allis, Amherst; Mr. William R. Loring, Hopkins Academy.

The winners, whose names were inscribed on the cup, were Hyman Novick, first, and Ruth Houghton, second, both of the Class of 1923.

ATHLETICS

F.C.T.

Amherst High School

Once again Amherst gazes with sorrow at the list of athletes who leave her halls to continue their feats in higher institutions. No class in recent times has given so many athletes to the school teams, and we, as a class, may well be proud of our record which is one of the best in the annals of the school.

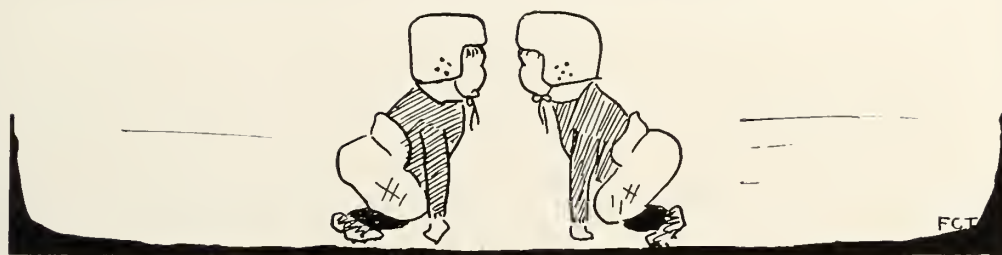

Glance at our long list of heroes: Flebut, Dorsey, Campion, Fitts, Lyman, Duncan and Mackimmie. These names have been the very pillars supporting Amherst's athletic name in the last four years. Far be it from us to boast, but who, past or present, has produced an array like that?

Before we hurry along to the real facts about this year's teams, we must give due honor to Mr. Williams, the man who has contributed most to the success of our teams. He entered this institution with us, and during our four years here, he has piloted us to success. His patience and good humor, his knowledge of athletics and, above all, his earnest desire that each individual obtain full mastery of himself; these have made him the most popular coach A. H. S. has ever had. It is with great regret and with best wishes for his successful future at our Alma Mater, that we now leave him.

FOOTBALL

Amherst High, facing one of the hardest seasons in her history and handicapped by lack of scrimmage, turned out a team of which any school might be proud.

As usual, our squad was light but extremely scrappy. The first games were rather disappointing, but in the latter part of the season the team showed its real capabilities. We had no particular individual stars and accomplished all our scoring by clever team-play.

The class was well represented on the squad. Flebut, Campion, Mackimmie, Duncan, Dorsey, Lyman, Bias, and Manager Skorupski were the '23 men who earned the "A".

The line-up was as follows:

Captain, Kelley, '25
Manager, Skorupski, '23

TEAM

Ends. Fleury, '24; Bias, '23; M. Brown, '25.

Tackles. Duncan, '23; E. Brown, '25.

BASKETBALL

Amherst High's basketball season of 1922-23 was one of the most successful in recent years. The team ended the season with a record of 7 games won and 8 games lost. At the beginning of the season prospects were bright, but owing to ineligibility, illness, and other causes, they began to fade. About the middle of the season Coach Williams was faced with the task of reorganizing his team. This he did with remarkable results and completed a successful season.

The bright spots were victories over Natick High School, M. A. C. Two-year and Smith Academy. Natick came to Amherst from the eastern part of the state expecting an easy victory, but received a big surprise in their defeat. The Two-year team, composed of men who were far older and heavier than we, was defeated after a bitter struggle. Smith Academy, victorious over both Easthampton and Hopkins, the leaders in the Hampshire league, was twice defeated by decisive scores.

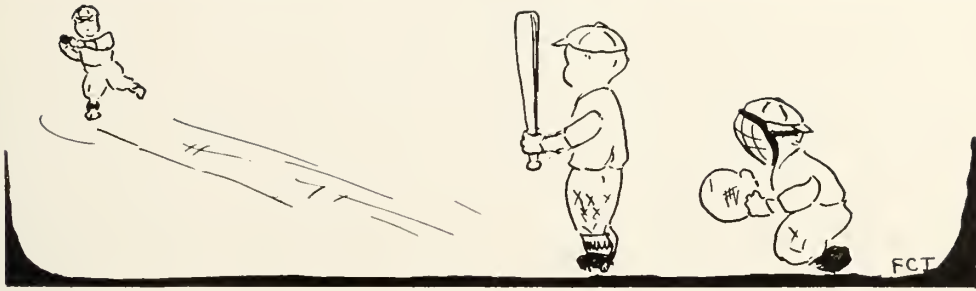

The senior class was represented in basketball by Capt. Flebut, Mackimmie and Campion. Flebut was the star of the team throughout the season and was considered one of the best forwards in the Hampshire league. The team was as follows:

Captain Flebut, '23; Manager Deuel, '23; Forwards, Capt. Flebut, '23; H. Brown, '24; Kelley, '25; Center, Strong, '25; Backs, Dowd, '24; Mackimmie, '23; E. Brown, '25; Campion, '23.

BASEBALL

Baseball practice started with a squad of about thirty men reporting daily to Coach Williams in preparation for the first game with Hopkins Academy.

Prospects were good, and with a great deal of hard work a capable team was developed. The loss of Ex-Capt. Dorsey, '23, was keenly felt and Coach Williams faced the difficult task of developing a new first-class catcher. Last year's infield is all back and the outfield contains several veterans. Among those from whom the team was chosen were: Capt. Dowd, '24; Kelley, '25; Reed, '25; Parnell, '25; Mackimmie, '23; Lyman, '23; M. Brown, '25; D. Shumway, '25; Dickinson, '24; Campion, '23; Flebut, '23; Allen, '24; Skorupski, '23; and Smith, '26, with Manager Fitts, '23.
